

# LITEGRIP PORTIONER

## TERRACOTTA 50

10101-06

The Bonzer® Litegrip Portioner was designed for both left and right handed use. The lightweight and balanced handle features a central scraper activating a spindle and return mechanism with no springs to cause breakage. The stable hand squeeze motion is suited to more stubborn substances such as mashed potatoes, vegetables and soft ice cream.

### FEATURES & BENEFITS

#### 1. Create a Consistent Menu

Both customers and operators can benefit from the consistency portion control brings. Customers can see that they have good value for money from the portion size while operators can accurately measure their costs and therefore their profits.

2.

#### Reduce Food Waste

Customers are becoming increasingly aware of reducing waste within their own lives and that counts for food. Chefs that get the balance right will see more orders from across the menu and satisfied customers going home with a smile on their face.

3.

#### No Food Traps

The Bonzer Portioner has been designed to remove any food traps. This makes them easier to keep clean and more hygienic.

4.

#### Colour Coded Sizes

The Litegrip is available in 15 different sizes that have different colour handles to identify them. This makes it far easier for users to identify the different sizes required for the menu or recipe.
