M210

M210

Great capacity and low power consumption

M 210 is part of a new series of spacious upright coolers with increased capacity, which allows improved exposure of contents. The shelves are fully adjustable and adaptable to suit all types of cans and bottles. The shelves also ensure that contents stand stable without toppling. The cooler sets new standards when it comes to design, materials, eco-friendliness and noise level.

- Optional special feeder shelves
- Aluminium handle
- Digital controller with temperature display
- Glass door
