SINGLE HINGED GLASS DOOR UNDER COUNTER CHILLER

Description

A budget cooler that not only offers ample storage but does it at a price that doesn't break the bank or your expectations! Clad in a clean white laminated exterior this low height unit fits both perfectly under and on top of counters

With bright white internal LED lighting and 3 wired shelves included as standard this impressive unit stacks up to be an unmissable purchase for any location, even more so thanks to its low energy consumption ultimately ending in a B energy classification.
