**STEP 1** Choose from a wide range of appliances available. All products can be bought as countertop items and come with non-slip adjustable feet, or combined with base units.

### Electric Fryers

Large capacity 8Ltr tank Fryers that offer rapid heat up times thanks to the powerful 6kW armored elements.

CU476 - Single | 8Ltr | 6kW  
CU477 - Double | 2 x 8Ltr | 12kW

### Electric Boiling Tops

Powerful electric hobs that are fully pressed and sealed for easy cleaning. Each plate is thermally protected, reducing power to prevent overheating due to pan removal or boiling dry.

CU472 - 2 x Boiling Tops | 3.5kW  
CU471 - 4 x Boiling Tops | 7kW

### Electric Griddles

High Quality Steel Plate Griddles offering fast heat up times and even heat distribution.

CU473 - 400mm (W) | 3kW  
CU474 - 400mm (W) | 3kW (Ribbed)  
CU475 - 600mm (W) | 4.5kW

### Induction Hobs

Highly energy efficient Induction Hobs featuring auto shut off pan detection technology. 13amp Plug and play operation with boost function for when fast heat up is required.

FU218 - 2 Zones | 3kW  
FU219 - 4 Zones | 2 x 3kW

## STEP 1 (CONTINUED)

### Chip Scuttle

Ceramic Infrared heated element delivers instant heat and the removable perforated base plate helps to drain any oil or fat from the chips keeping them fresher for longer.

CU479 - 1kW

### Pasta Cooker

High capacity 15Ltr Pasta Cooker featuring easy drain front tap and connection to the mains water supply for easy filling and topping up of water.

CU478 - 15Ltr | 3.4kW

### Prep Area Worktops

Durable stainless steel worktops providing extra countertop workspace. Designed to seamlessly fit with other 600 series appliances in the kitchen.

CU481 - 400mm (W)  
CU482 - 600mm (W)

### Bain Marie

Reliable 1/1 gastronorm sized water bath food warmer with front mounted drain tap for easy draining.

CU480 - 1.5kW

**STEP 2** Choose the correct base unit that fits with the chosen appliance to create a freestanding product. Mix and match across multiple appliances and base units to create a bespoke kitchen line for your needs.

### Under Counter Convection Oven

CU470 - 600(W)mm | 3kW

### Base Storage Cupboards

1 CU483 - 400(W)mm  
2 CU484 - 600(W)mm

## STEP 3 Order now! Available on next day delivery

Appliances seamlessly slot onto the base units and held in place with 2 x M5 bolts supplied in the box.

Please check power supply as some products require hardwiring and need professional installation which is available through Nisbets.
