

Fryers – RF Series - Electric

The RFE8D

The RFE8D is a powerful twin tank, 2 x 8ltr, fryer ideal for fresh or frozen chips (30kg/h fresh output). Each tank is independently controlled to give flexible operation. The cold zone of oil below the elements helps to prolong the life of your oil. Of sturdy stainless steel construction, this unit will sit on a standard depth counter.

Also available is our CW12 Chip Scuttle, styled to sit alongside the RFE8D, giving you a modular cook and serve option.

Features: Safety taps for easy oil drainage; 180°C operating thermostat; additional safety thermostat; safety micro switch to ensure correct positioning of element; heat resistant basket handle.
