

Product Code: MBCFT75

Modular Blast Chiller with 700mm door width c/w 25mm floor and integral ramp

Features & Benefits

- MBCT models are supplied floorless for blast chilling application only
- Chilling capacity 70°C to 3°C in less than 90 minutes within specifications. Entry temperature of up to 90°C for chilling
- Freezing capacity from 70° to -18°C in less than 240 minutes within specifications
- All models supplied less condensing unit for remote application. Separate electrical supply required for condensing unit (3 phase+neutral)
- Intuitive easy touch control panel Just press and go with easy to use colour coding to indicate cycle status.
- Foster Circulair air circulation system ensures uniform chilling whilst protecting the food surface
- · Operator-friendly fans cut-out whenever door is opened
- HACCP software is available as an option in 3 formats for data retrieval and management
