

THE ART OF PRESENTATION

# Asteria & Nyx

*elegant, sophisticated and bold*

Taking inspiration from early Greek mythology, Asteria is the goddess of stars, adding a sweeping bold, design to the tabletop. When paired with Nyx, the goddess of night, they form an interesting set of light and dark, that proves to be elegant, sophisticated, and bold.

An object lesson in minimalism. A pristine white surface allows Chef's creativity to shine unimpeded and the rimless profile maximises the plating area, allowing the elements of the dish to breathe. The deep black band constrains the presentation and draws attention to the plated food, adding focus and highlight.

Offering a high contrast black colour field, Nyx amplifies the colour tones of the food Chef has created. This engages the eye of the diner and adds dynamism and drama to the presentation. The rimless profile offers Chef the ultimate plating area, allowing their skills and creativity to be showcased in the best possible way.
