

# COLD PRESS JUICER #65

THE FIRST COMMERCIAL COUNTERTOP COLD PRESS JUICER

Santos cold press juicer #65 is the solution to all juice bars, restaurants and shops wishing to make **fresh cold pressed juices, on demand, in front of the customer.**

This is a new way of juicing, **pressing very slowly** all kinds of fruits, veggies, leafy greens, and preserving the vitamins and nutrients.

You can juice anything with the cold press juicer #65, thanks to its speed variation (from 5 to 80 rpm).

Santos has **two patents** on the cold press system, which is a real innovation on the market.
