UNDERSTANDING THE RANGE CONTINUED...

The **CLASSIC R**

The entry level can opener that has been copied by many. Designed with price in mind it offers a quality tool but has minimal features.

Cafes & Small Restaurants

The **EZ-20**

A huge step up in performance with the more durable stainless steel blade and quick-release blade carrier for easy cleaning. Simply pull back the handle to release.

Restaurants & Takeaways

The **EZ-40**

The first of the big wheel (40mm) can openers. The larger wheel spins the cans quicker for faster opening, it handles larger cans and offers improved durability.

Hotels and Care Homes

The **EZ-60**

Advantages of a large wheel with a quick-release blade for easy cleaning, long handle for extra user comfort, and stainless steel body for easy dishwashing.

Schools & Prisons

The **TITAN**

The ultimate can opener is built to withstand hour upon hour of tin opening. All the advantages of the EZ-60 but with a stainless steel handle.

Hospitals & Mass Catering
