

M 180

DISPLAY COOLER

With strong adjustable wired shelves, the M refrigerator is made for storage and display of beverages and foods. A dependable and energy efficient unit with ventilated cooling that improves cool-down time. The integrated automatic defrosting function makes food and beverage packaging easier to view and diminish odors in the cabinet due to constant air-circulation. M 180 can be combined with display freezer MF 180 in a side-by-side setup.
