Glassware

Having the right glassware can be crucial to the overall dining experience. From defining the tabletop to enhancing a vintage bouquet, the importance of glassware cannot be underestimated.

- Crystalline glass for the perfect finish
- Wide selection of forms and shapes
- Specialist glass
- Improved resistance to impact damage
- Combines with all elements of the Steelite International range

Leading the way with state of the art glassware

Bormioli Rocco's first glassware factory dates back to 1825, but historians say the origins of Bormioli Rocco glass can be traced to the Middle Ages. With stemware, tumblers, beer glasses and iconic food storage jars gracing tables around the world, quality is the cornerstone of the foundation supporting the Bormioli Rocco brand. The manufacturing facilities utilise state of the art technology and economically source only the best raw materials. From the finest sand imported from Germany to organic glazes used to colour glass, all are brought together in products influenced by exhaustive design research. Thanks to continuing investment in technology, research and design, Bormioli Rocco has become one of the leading glass manufacturers in the world.

create a custom experience

Etch your company's logo on your glassware for brand recognition while indicating the desired pour line for your staff's reference. Steelite International's 'laser-true' technology gives you the opportunity to create a unique addition to your tabletop and a cost-saving solution for your business.

BORMIOLI ROCCO

INALTO UNO & INALTO TRE SENSI™

the elegance you want, the durability you need

"In alto i calici" is the traditional Italian phrase meaning to "Raise your glasses" before a toast. The inAlto collection is Bormioli Rocco's toast to fine Italian design and was created with the restaurateur in mind; providing the elegance you want, and the durability you need. The distinctive angles and tall, thin stem beautifully enhance a table setting. The brilliancy of Star Glass provides the guest with an exceptional wine tasting experience, while the durability of the XLT strengthened stem maximizes operator value. InAlto exemplifies the passion of Italian design, grace and quality.

For over 60 years, Minners has been meeting the needs of the finest foodservice establishments, specialising in custom glassware, cutlery and dinnerware, made to exact requirements with expert craftsmanship.

The Minners Classic Cocktail range of glassware has been recreated using the original glass moulds that manufactured the glasses used in the 1930's Manhattan cocktail scene and made famous in venues such as the Rainbow Room. These classic shapes have stood the test of time and have regained a relevance to today's growing mixology scene. Steelite International have obtained exclusive global distribution rights to this exciting range and are pleased to bring a unique opportunity in fine lead-free crystal glasses.

THRILL THRILL VORTEX™

A unique machine that not only sanitises in seconds, but keeps drinks cooler for longer without watering down the beverage or altering the flavour and aroma. Ever wondered why cocktails served in the trendiest bars taste so much better? The answer may not lie in the contents of the glass, but within the glass itself. A glass that has been cleaned and sanitised properly enhances the overall taste experience. The invisible residue that remains after washing may taint the taste and odour of drinks, compromising the quality of beverage served.

With THRILL, it takes just a few seconds to thoroughly sanitise and chill a glass, leaving it completely free of any unpleasant odours or aftertaste, giving customers the perfect serve and taste experience.

Stylish and theatrical, THRILL is a must have for upmarket bars and restaurants.

Care Guidelines for Glassware

- Clean glasses in a glasswasher not a dishwasher
- Use properly sized compartment glass racks
- After washing remove basket and leave to cool down and dry
- Never carry glasses in bouquets
- Never use glass in place of ice scoop
- Never use glass to carry or store cutlery
- Never let the beer tap come into contact with the glass
- Do not handle stemware when hot
- Use white cotton gloves or 2 cloths for polishing
- Do not hold the glass by the stem or the base when polishing
- Polish the bowl first followed by the stem and then the base
- Hold glasses by the stem to avoid fingerprints on the bowl
