

REFRIGERATOR COMPACT K 420 LG L1 5W

Product series: Compact

Item number: 964200461

COMPACT K 420 models not only comply with the EU Ecodesign labelling regulation, but ranking in energy efficiency class B makes these refrigerators the most energy efficient compact models in the marketplace.

Correct and uniform temperature throughout the cabinet is critically important for a food storage cabinet. GRAM COMPACT provides this with a unique ventilated air distribution system and a strong refrigeration system with sufficient refrigeration capacity. It also has approximately 70% more insulation than a bottle cooler.

COMPACT has an efficient refrigeration system and is approved to endure up to 30°C ambient temperature (climate class 4). It further offers low heat emission with minimal compressor running time thanks to a refrigeration system with surplus capacity.

With their foot print of 59.5cm (W) x 64.2cm (D) x 1875-1905cm (H), these small space storage cabinets are easy to fit in especially when space is of a premium.

Materials Exterior: Stainless or white

Materials Interior: White polystyrene (PS) lining.

Gross volume: 359 ltr

- Air circulation system
- Right hand hinged reversible door
- Integrated full height door handle
- 5 white shelves (with tilt prevention)
- Door lock for extra security
- Pedal door opener for handsfree operation (optional accessory)
- Automatic defrost with re-evaporation of defrost water
- Low sound level of just 34.5 dB(A)
- Future proof hydro carbon model
- 10 year spare parts availability guaranteed

SPECIFICATIONS
