**PRODUCT FEATURES**

- Extra powered element for maximum output for a busy kitchen
- Flexibility of a half smooth, half ribbed plate to give attractive branding lines to your food whilst being able to cook eggs on the smooth half of the plate
- Two separately controlled heat zones give you the option of operating either zone independently to provide a smaller cooking area during quiet periods as well as offering versatility when cooking two separate meals simultaneously
- Hard wearing 12 mm thick machined steel plate providing even heat distribution and excellent heat retention
- Drip draw to collect all the cooking liquids to reduce cleaning times
- Removable front drainer drawer which also makes for easy cleaning. Ideal for busy establishments
- The plate is fully welded into the frame to prevent leaks and places where food and carbon can build up

Whether you're cooking eggs, bacon, burgers or vegetables, the versatile Silverlink 600 Electric Griddle won't let you down. It comes with two separately controlled heat zones which give you the option of operating either zone independently to provide a smaller cooking area during quiet periods as well as offering versatility when cooking two separate meals simultaneously. It features an extra powered element for maximum output in busy kitchens. The griddle also offers the flexibility of a half smooth, half ribbed plate to give attractive branding lines to your food whilst also being able to cook eggs on the smooth half of the plate. It's perfect for cafes, pubs and restaurants.
