

## Convection Oven

---

### The FC34CN

The Roller Grill FC34CN is an efficient fan assisted convection for even cooking of a variety of foods but specifically developed for jacket potatoes. Attractively styled with anthracite metallic paint finish and complementary brass fittings, the FC34CN will cook up to 32 jacket potatoes in approximately 60 minutes. This oven is ideally suited as a front of house bake off for a wide menu, from pastries to roasts, pies and pasties to demi-baguettes.

Powerful yet compact the FC34CN can really enhance your menu offer.

Features 2 hour timer; internal light; 250'C thermostat, rear steam vent.
