

FEATURE	TECHNICAL DATA	MACHINE DESCRIPTION
Model	3FT Standard Bottle Cooler (RP)	Fully adjustable shelving LED illuminated maximised display area Lighting can be switched off independently Adjustable front feet Swing hinged door or sliding doors  Doors and cabinet both available in brushed stainless steel  Convert the cabinet to a wine fridge using wine racks available as spares  Adjustable digital thermostat to allow accurate and efficient temperature control Automatic Defrost
Packed size Width	1160mm	
Packed size Depth	620mm	
Packed size Height	1040mm	
Capacity	207 Litres	
Width	910mm	
Depth	500mm Swing(excl hndl)/520mm Slide	
Height	900mm	
Installation Space Required	915mmW x 545mmD x 925mmH	
Weight (Packed)	82kg	
Weight (Unpacked without product)	69kg	
Temperature Range	+2°C to +10°C	
Power Rating	150 Watts	
Rated Energy Consumption (Swing)	1.7 kWh / 24 hours	
Rated Energy Consumption (Slide)	1.9 kWh / 24 hours	
Power supply	230V / 50Hz	
Fuse	13 Amps	
Cooling system	Fan assisted	
Refrigerant type	R600a	
Refrigerant charge weight	63 grammes	
Door illumination	LED	
Door Lock	Optional	
Clearance to underside of work surface	25mm	
Climate Class	N	
Operating Pressure - High	0.5 Mpa	
Operating Pressure - Low	0.0 Mpa	
Bottle Capacity (330ml)	174	
Can Capacity (330ml)	270	
<b>ACCESSORIES</b>		
Wine Shelf kit (JG000276)		
Swing Door Lock (01002982)
