## GRN Series Refrigerated Service Counters

- GRN-C2R
- GRN-C2F
- GRN-W2R
- GRN-W2F
- GRN-C3R
- GRN-C3F
- GRN-W3R
- GRN-W3F

The energy labels provide the following data:

- Top Row (3 Door Counters):**
  - GRN-C3R: Class B, 894 kWh/annum, 358 L
  - GRN-W3R: Class B, 894 kWh/annum, 358 L
  - GRN-C3F: Class D, 3197 kWh/annum, 358 L
  - GRN-W3F: Class D, 3197 kWh/annum, 358 L
- Bottom Row (2 Door Counters):**
  - GRN-C2R: Class B, 724 kWh/annum, 205 L
  - GRN-C2F: Class D, 2537 kWh/annum, 205 L
  - GRN-W2R: Class B, 724 kWh/annum, 205 L
  - GRN-W2F: Class D, 2537 kWh/annum, 205 L

## GRN Series

Thanks to years of research and development the GRN series offers massive energy savings over its predecessors with up to a 46% energy saving on some models.

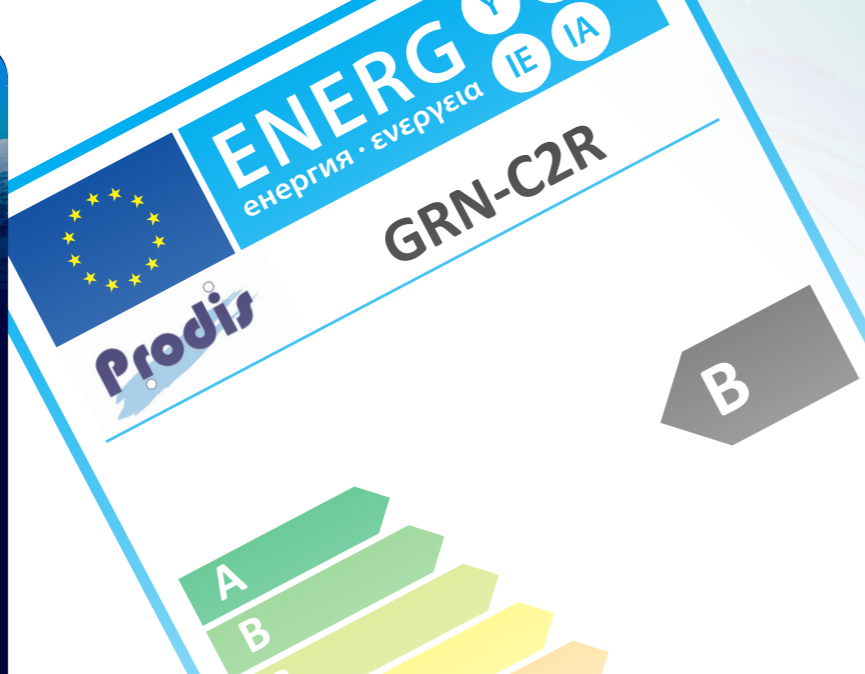

Hydrocarbon refrigerant has a zero ozone depletion potential and an ultra low global warming potential of <20 making it kind to the environment while saving energy and reducing your carbon footprint

The GRN Series is available in 2 sizes as either a flat top cabinet or fitted with a 100mm upstand and is available as either a fridge or a freezer.

All GRN series cabinets are fitted with an externally mounted digital temperature controller to ensure a consistent temperature and easy monitoring.

The full length door handle of the GRN series is formed as part of the door and is therefore extremely hard wearing and allows for quick and easy opening of the cabinets.

All units have fan assisted condensers for rapid temperature pull down.

### Standard Features

- Self closing doors with stay open facility
- 1 x 1/1 GN shelf per section
- Fully adjustable removable shelves
- Automatic defrost
- Rounded interior corners
- Heavy duty full width door handle
- Mains on/off switch
- 60mm thick insulation
- Castors as standard
- Full stainless steel construction

GRN Series  
Colder by nature
