E Series

The E Series are elegant, functional and feature packed glasswashers manufactured with Italian flair.

The door handle is a fully pressed deep drawn door handle for easy opening and effortless cleaning.

Adjustable thermostats allow for precise control of wash and rinse temperature. This tailors the machine to suit exactly your washing requirements.

Adjustable rinse and detergent pumps ensure precise chemical dosage and a perfect result every wash.

Standard Features

- Stainless steel construction
- Double skinned door
- Adjustable thermostats
- 2 minute wash cycle (E35, E40)
- 2/4 minute wash cycle (E80X)
- 13amp operation (E35, E40)
- 30amp operation (E80X)
- Timed rinseaid pump
- Timed detergent pump
- Wash and rinse tank elements
- Compact elegant design
- Pressed, hygienic door handle
- Adjustable feet
- Stainless steel wash pump filter
- Secondary tank filters (E40P, E80X)
- WRAS approved double check valve

Maximum load height, the E series has been designed to maximise the loading space so that even the tallest glasses can be washed with ease.

Stainless steel primary pump filter to protect the wash pump during use.

Secondary tank filters fitted to the E40P and E80X offer extra protection against debris entering the wash system

Light weight and efficient composite parallel wash arms allow for maximum rotation during washing and rinsing for perfect water distribution.

Hygienic deep drawn recessed door handle for ease of operation and easy cleaning.

Economy Without Compromise
