

# Product Data Sheet

## HD 5/11 P

Portable professional pressure cleaner.

Kärcher's new HD 5/11 P offers professional quality and performance in a truly portable package. Thanks to its compact dimensions, light weight, and built-in carry handle, the HD 5/11 P is incredibly easy to transport even up steps or ladders. The machine has several features usually found on much more expensive machines, like the soft-start feature to protect internal components on start-up, the Easy Press trigger gun with rotating lance, and high-grade hose and power cable. All of its professional-grade accessories are stored on-board, providing easy access and helping to prevent trip hazards. This tough, simple machine can be operated in a vertical or horizontal position, making it safer for use at height or on uneven ground.

### Features and Benefits:

- Choose the best position for each job
- Lie flat position reduces risk of tipping
- Proven components with high build quality
- Soft-start protects components on start-up
- Large carry handle and sculpted sides make carrying easy
- Built-in storage to hold nozzles and lance securely
- Short gun and long lance enable fitting of many accessories
- Compatible with quick release system for fast accessory change
- High quality trigger gun with soft start
- Hose reel (CX) or hose wrap to keep hose safe and reduce trip hazards
