

Caterlite

4 Slot Toaster Instruction manual

**Model:
CP929**

Safety Tips

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
 - Health and Safety at Work Legislation
 - BS EN Codes of Practice
 - Fire Precautions
 - IEE Wiring Regulations
 - Building Regulations
- DO NOT immerse the appliance in water.
- DO NOT touch the top and sides of the appliance when in use. **Surfaces are hot!** 
- DO NOT obstruct or cover the appliance in any way when in use.
- DO NOT insert any metallic objects in to the appliance when connected to a power supply.
- DO NOT leave the appliance unattended during operation.
- Always switch off the appliance, disconnect the power supply and allow to cool before cleaning or carrying out maintenance.
- Always switch off and disconnect the power supply to the appliance when not in use.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.
- If the power cord is damaged, it must be replaced by a Caterlite agent or a recommended qualified technician in order to avoid a hazard.
- DO NOT use if damaged.
- Caterlite recommend that this appliance is PAT tested on an annual basis to ensure the product remains safe.

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- Keep the appliance and its cord out of reach of child less than 8 years.
- This appliance is not intended to be operated by means of an external timer or separate remote-control system.
- **Fire hazard! Bread can burn!** The appliance should not come into contact or be covered with easily flammable materials, like curtains, textiles, walls and the like. Always ensure sufficient safety distance to flammable materials. 
- This appliance is intended to be used in household and similar applications such as:
 - staff kitchen areas in shops, offices and other working environments;
 - farm houses;
 - by clients in hotels, motels and other residential type environments;
 - bed and breakfast type environments

Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your Caterlite product.

Pack Contents

The following is included:

- Caterlite 4 Slot Toaster
- Instruction manual

Caterlite prides itself on quality and service, ensuring that at the time of packaging the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your Caterlite dealer immediately.

Operation

Toasting

1. Connect the appliance to a mains power supply.
2. Set the Toasting level using the Level Selector dial (**1** - lightest to **7** - darkest).
3. Insert the bread into the top of the appliance.
4. Push the lever down.
5. The appliance will begin toasting. When complete the toast is ejected.

Reheating

Should there be a need to reheat bread that has already been toasted:

1. Connect the appliance to a mains power supply.
2. Press the 'REHEAT' button. The indicator light turns on.
3. Insert the toast into the top of the appliance.
4. Push the lever down.
5. The appliance will begin toasting. When complete the toast is ejected.

Note: The 'REHEAT' function is for a preset time and power level and cannot be altered by the Level Selector dial.

Defrosting

Frozen bread should be defrosted before toasting.

1. Connect the appliance to a mains power supply.
2. Press the 'DEFROST' button. The indicator light turns on.
3. Insert the bread into the top of the appliance.
4. Push the lever down.
5. The appliance will begin defrosting. When complete the bread is ejected.

Note: The 'DEFROST' function is for a preset time and power level and cannot be altered by the Level Selector dial.

Cancelling: Any of the functions can be cancelled at any time by pressing the **CANCEL** button.

Bread slices can be removed by lifting the lever.

Cleaning, Care & Maintenance

Always switch off the appliance, disconnect the power supply and allow to cool before cleaning or performing maintenance.

- A Caterlite dealer or qualified technician should carry out repairs if required.
- If necessary wipe the exterior with a soft cloth and warm soapy water.
- Dry thoroughly after cleaning.

Crumb Tray

- Periodically empty the crumb tray (located at the rear of the appliance).
- Slide the tray out to empty.
- Slot back in securely when replacing the tray.

Troubleshooting

If your Caterlite appliance develops a fault, please check the following table before making a call to the Helpline.

Fault	Probable Cause	Solution
The unit is not working	The unit is not switched on	Check the unit is plugged in correctly and switched on
	Plug and lead are damaged	Call Caterlite agent or qualified technician
	Fuse in the plug has blown	Replace the plug fuse
	Power supply	Check power supply
	Internal wiring fault	Call Caterlite agent or qualified technician
	Heating element has expired	Call Caterlite agent or qualified technician

Technical Specifications

Model	Voltage	Power	Weight	Dimensions H x W x D mm
CP929	220-240V~, 50/60Hz	1400-1600W	2.23kg	185 x 280 x 275

Electrical Wiring

This appliance is supplied with a 3 pin, moulded, BS1363 plug and lead, with a 13 amp fuse as standard.

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

Compliance

The WEEE logo on this product or its documentation indicates that the product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

Caterlite parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

Caterlite products have been approved to carry the following symbol:
