

WARM WELL. SERVE BETTER. TOPPING WARMER WITH PUMP

Conveniently serve toppings such as fudge or caramel from a #10 can or 2.8 L jar

Stainless steel pump provides consistent servings while managing food costs – 30 mL per stroke; adjust in 3.7 mL increments

Temperature-sensing thermostat turns wrap-around heating element on or off as needed to prevent accidental burning or scorching

TOPPING WARMER WITH PUMP

Model FSP

Food Applications

- Warm and serve various food and dessert toppings from a #10 can or 2.8 L stainless steel jar

Fast Facts

Keep toppings and sauces at their peak freshness with this water-bath warmer. Fast, even heat prevents overheating and food waste; thermostat turns the wrap-around heating element on or off as needed.

Portion control manages serving sizes of expensive ingredients; dispense 30 mL max, adjusts in 3.7 mL increments.

Colored, engraved knobs to quickly differentiate product is available upon request.
