Suitable For Fresh Meat

Product Description

The TEFCOLD MD range of multidecks is an ideal “grab and go” choice for shops, cafes, sandwich shops, butchers and convenience stores. At only 680mm deep the unit is ideal where floor space is restricted and you need to maximise refrigerated display area. The units come with base + 4 shelves allowing for excellent storage capacity, which means you can fit up to 5 PET bottles high. Mirror finish stainless steel interior end walls help give a sense of space within the unit while the bright white vertical LED lighting gives excellent illumination inside the cabinet (the MD1902 also has a horizontal LED light across the top). The unit is suitable for display of fresh meat, dairy or drinks and the temperature can be adjusted to suit your requirements. Shelves can be angled between 2 and 20 degrees to give extra merchandising options (shelf risers will be required if shelves are angled). The unit comes fitted with rollers as standard to enable it to be moved out for cleaning, castor are also available as an option. The MD range come in four different widths from 685mm to 1885mm and is also available in a stainless steel finish.
