### Description

MCX Range is an open front, stainless steel multideck, ideal for grab and go and impulse purchases. The unit benefits from a rigid lockable security shutter to prevent access to product when food is not being served and lockable castors. The cabinet is the perfect solution for a range of sites such as cafeterias, hotels, colleges, and university canteens. It fulfils the need for multidecks during service while also prioritising product security during non-service periods.

### Product Features

- Rigid lockable shutter
- Ventilated cooling
- Adjustable shelves
- Fully automatic
- Castors with brake
- LED interior light with switch
- Digital controller and temperature display

### Technical Specifications
