

Multi Surface Sanitiser Cleaner

2x5ltr

KITCHEN &
FOOD PREP

CF969

CONCENTRATE

Conforms to BSEN 1276 and BSEN 14476.

Use(s):

A versatile odourless cleaner and sanitiser, suitable for use on most hard surfaces.

Conforms to BSEN 1276 and BSEN 14476*.

Effective against bacteria including MRSA and all enveloped viruses including Coronaviruses.

Ideal for public areas, cafes, restaurants, kitchens, and nursing homes.

Directions:

Wear protective gloves.

Dilute with clean water to make a 2% solution (e.g. 15ml of product in a 750ml bottle of water is a 2% solution.). Remove any loose food debris, then wipe surface once to clean, then spray product onto a fresh cloth/paper towel and wipe a second time leaving to air dry to achieve the desired contact time. (Food contact surfaces should be rinsed with a clean damp cloth or paper towel).

*A 2% solution (1 parts product in 50 parts water) passes BS EN 14476:2013+A2:2019 at 1min in 'clean' conditions and BS EN 1276 2019 (Including MRSA) at 30 seconds in 'clean' conditions.

Technical:

Physical state:	Liquid
Colour:	Colourless
Odour:	Characteristic
pH:	5 – 7
Density:	1.01 – 1.2

UFI: 6D5J-E0RY-T00W-9FKU
