Temperature Control

Thanks to the Gram air distribution system, temperatures inside the counters always maintain a uniform and correct level.

This includes rapid temperature recovery after every door opening.

Modularity & Scalability

With GRAM GASTRO 07 counters you can put together your individual workplace. Choose your combination of worktop, doors, and drawers, legs / castors/electric elevation, temperature ranges and accessories.

Easy Maintenance

A compact slide-out refrigeration unit for easy maintenance and service access. Removable and easy to clean condenser filters and gaskets.

High Standard in Hygiene

- The counter almost entirely consists of smooth surfaces – the perfect design for easy, quick and thorough cleaning.
- 'Drip Nose' edges on worktops to prevent the ingress of water.
- Worktops with splashbacks to protect your counter from spillage.
- Removable drawer and door gaskets for easy cleaning.
- Pan-shaped inside base with rounded corners to catches fluid.

Allergy-Proof

Counters are made from nickel-free stainless steel.

Ergonomic and practical design

- Anti-tilt shelves and drawers with pull-out stop.
- Extra-long telescopic rails on drawers - GN trays can be lifted in and out without tilting.
