NEW RANGE

Introducing two glass serving pieces, designed to provide the perfect platform for operators to play with the theatre and presentation to the table.

They provide versatility, style and an innovative approach to presentation, enhancing the visual impact, creating space and service solutions to the table.

The range includes one size of tray in two contrasting colours; clear and smoked, with a triple well in the centre of each piece allowing compatible Steelite bowls to nestle safely whilst creating theatre for food styling.

Our glass trays have been designed to fit the Stage wooden riser to create height and space in service. They also stand alone and can be used for direct food service presentation.
