

Pizza Oven

Instruction manual

Model:
CP868

Safety Tips

- Position on a flat, stable surface. Ensure the surface is capable of supporting its weight.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
 - Health and Safety at Work Legislation
 - BS EN Codes of Practice
 - Fire Precautions
 - IEE Wiring Regulations
 - Building Regulations
- DO NOT immerse the appliance in water.
- **Warning! Hot Surface! Take care when using the appliance. Always wear oven mittens when removing food.**
- DO NOT obstruct or cover the appliance in any way when in use.
- DO NOT leave the appliance unattended during operation.
- The appliance should not come into contact or be covered with easily flammable materials, like curtains, textiles, walls and the like. Always ensure sufficient safety distance to flammable materials.
- Always switch off the appliance, disconnect the power supply and allow to cool before cleaning or carrying out maintenance.
- Always switch off and disconnect the power supply to the appliance when not in use.
- Not suitable for outdoor use.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.

- If the power cord is damaged, it must be replaced by a BUFFALO agent or a recommended qualified technician in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- BUFFALO recommend that this appliance is PAT tested on an annual basis to ensure the product remains safe.

Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your BUFFALO product.

Pack Contents

The following is included:

- Buffalo Pizza Oven - 450x450mm Firestone
- Instruction manual

BUFFALO prides itself on quality and service, ensuring that at the time of packaging the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your BUFFALO dealer immediately.

Installation

1. Remove the appliance from the packaging. Make sure that all protective plastic film and coatings are thoroughly removed from all surfaces.
2. Maintain a distance of 20cm (7 inches) between the unit and walls or other objects for ventilation.

Note: Before using the appliance for the first time, clean the interior and the firestone with soapy water.

Operation

Cooking

1. Put the food on the firestone and close the door.

Note: This oven is intended for fast and crispy cooking of pizza, quiche, lasagne, pies, and particularly useful to heat up pizza slices or other delicate products. Do not use for other purposes.

2. Connect the appliance to the mains power supply.
3. Set the thermostat to the desired temperature.
4. Set the timer knob to the desired cooking time. The appliance begins to heat up straight away.

Note: During cooking, the red indicator light keeps on and off constantly, indicating the set temperature is kept.

5. When the cooking time expires, the timer returns to **0** automatically.

Note: The timer is just a reminder. Even after it returns to 0, the appliance is still running.

6. **After use:** Turn the thermostat to **OFF** to switch the oven off. Then disconnect from the power supply.

Cleaning, Care & Maintenance

Switch off and disconnect the appliance from the power supply. Allow to cool down before cleaning.

- Clean the interior of the appliance as often as possible.
- Do not use abrasive cleaning agents. These can leave harmful residues.
- For stains on the interior walls, wipe with a cloth dampened with some mild soapy solution. Ensure no moisture enters the inside of the cabinet.
- Always wipe dry after cleaning.

Cleaning the firestone

- Periodically remove the firestone from the oven for cleaning.
- Clean using warm, soapy water. Rinse thoroughly and dry well.
- Re-locate the firestone in place.

Note: Only clean the firestone after cooling down, or it may break.

Never use scouring pads or powers to avoid scratching the surface.

Troubleshooting

Fault	Probable Cause	Solution
The unit is not working	The unit is not switched on	Check the unit is plugged in correctly and switched on
	Plug and lead are damaged	Call BUFFALO agent or qualified Technician
	Fuse in the plug has blown	Replace the plug fuse
	Power supply	Check power supply
	Internal wiring fault	Call BUFFALO agent or qualified technician
Appliance heats up but indicator light does not come on	Bulb has expired	Call BUFFALO agent or qualified technician
Indicator light comes on but appliance does not heat up	Faulty thermostat	Call BUFFALO agent or qualified technician
	Faulty heating elements	Call BUFFALO agent or qualified technician
	Thermostat set incorrectly	Check thermostat
Appliance slow to heat up	Cooking surface not clean	Clean cooking surface
	Faulty heating elements	Call BUFFALO agent or qualified technician

Technical Specifications

Model	Voltage	Power	Current	Firestone size	Dimensions h x w x d mm	Weight

Electrical Wiring

This appliance is supplied with a 3 pin, moulded, BS1363 plug and lead, with a 13 amp fuse as standard.

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

Compliance

The WEEE logo on this product or its documentation indicates that the product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

BUFFALO parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

BUFFALO products have been approved to carry the following symbol:
