Description

The SCU1425 is a display refrigeration unit that offers high-quality at an affordable price. Being taller than a standard glass door fridge provides extra storage inside and well designed interior lighting (3 Led light strips) illuminate the product from the front. The black finish emphasis the product and the "frameless" glass door creates a seamless finish. Fan assisted cooling ensures even cooling throughout the cabinet and a faster pull-down time when re-stocked. This display cooler is designed to maximise display space, make your product stand out and draw attention to what's inside.

Product Features

- Taller than standard for greater display area
- Fully automatic
- Fan assisted cooling
- Lock
- Adjustable shelves
- Adjustable feet
- Edge to edge "frameless" glass door
- LED interior light with switch (vertically down both sides and across the top of the door)
- Temperature display
- Replaceable door gasket
